## Putting You into the Driver's Seat

The screenshot shows the My NetTeller interface. At the top, there are navigation tabs: NetTeller (highlighted with a yellow box), Bill Payment, E-Statements, and Options. Below these are sub-tabs: Accounts, Order Checks, and Interbank Transfers. The main header includes the bank name and contact information: Mascoma Savings Bank · 67 N Park St. Lebanon NH 03766 · (888) 627-2662.

Below the header, there are several informational messages:

- All transfers done after 5:00 PM. Will post on the next business day.
- PLEASE NOTE: Deposits made at the teller line after 4PM and on Saturday morning are not available for transfer until the next business day.
- Official looking electronic payment (Federal Reserve, NACHA, etc.) emails are becoming more prevalent again. These are phishing emails trying to get your information, the actual organizations would not contact customers in this manner to discuss payments.

There is a checkbox for "Set As Start Page" and a link "Configure This Page".

The dashboard contains several widgets:

- Account Balances:** No accounts selected. Use the 'Configure Settings' icon above to select your accounts to view.
- Electronic Documents:** No statements are available.
- My Accounts:** No accounts selected. Use the 'Configure Settings' icon above to select your accounts to view.
- Alerts:** You have 1 new Alert.
- Download:** Includes dropdowns for "Select Account", "Select Format", and "Select Range".

### (My NetTeller Screen Shot)

This is the new face available to NetTeller users. To see it click on the My NetTeller (Yellow Box). My NetTeller is made up of Columns and Widgets all of which can be adjusted to make My NetTeller show just what you want and how you want to see it.

Click on Configure this page: From here you can adjust the right, center or left Column widgets. To adjust drag and drop or use the + or - signs (instructions provided). When done click Save.

The "Configure This Page" dialog box is shown. It includes instructions: "Drag and drop or use the (+) to add widgets to your view or (-) to remove them. Also, drag and drop the order they will appear." A yellow arrow points to this instruction.

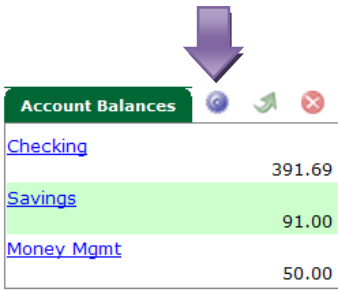

Below the instructions is the "Widget Settings" section. It has a dropdown menu for "Select Column To Configure:" set to "Left Column".

Money Mgmt	50.00

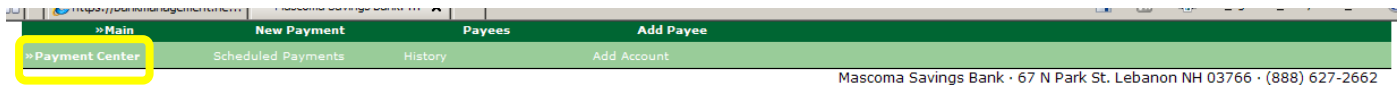

Widgets with a light purple cog wheel can be adjusted the same way. The Widgets will deal with accounts and account information and gives you a way to see just what you want.

Once you have your My NetTeller page setup. Put a check mark in the Set as Start Page box. This will keep your settings and every time you start Internet Banking it will bring up your My NetTeller page:

Quick Payment

The Payment Center can be configured just like My NetTeller. Once setup make this page your start page. That way every time you click on the Bill Payment Tab, you will see your custom setup.

### RECAP:

Both of these changes give you opportunity to see more and to do more, with fewer screen changes.

So you can setup your Internet Banking to fit you. Because as we all know that sometimes: One Size, does not fit all.
