FORM CRS

Mascoma Wealth Management LLC d/b/a Mascoma Wealth Management is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Investment Management , Financial Planning and Coaching Services**. Detailed information regarding our services and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 by clicking this link https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=612911.

Account Monitoring If you open a discretionary investment account with our firm, as part of our standard service we will monitor your investments on a daily basis. We do not perform account monitoring services for non-discretionary accounts.

Investment Authority We manage investment accounts on a *discretionary* basis whereby we provide daily monitoring and *decide* which investments to buy or sell for your account based on the investment objective and limits you establish. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer ***non-discretionary*** investment management services whereby we may provide advice, but ***you will ultimately decide*** which investments and when to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings We may provide advice on various types of investments but our firm's investment strategy is focused on broadly diversified portfolios utilizing ETF's (Exchange Traded Funds) and indexing.

Account Minimums and Requirements We do not require a minimum dollar amount to open and maintain an advisory account nor do we have minimum fees. We may advise you to consider closing your account if it falls below a size which is too small to manage effectively.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

Our fee is based on the average market value of your account payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value to the best of our ability.

Other possible fees and costs include fees related to mutual funds, exchange traded funds and transaction charges when purchasing or selling securities.

For detailed information about fees and costs refer to our Form ADV Part 2A Item 5 by clicking this link https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=612911.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Because most of our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account, or could incentivize us to inflate the valuations of illiquid investments held in your account.

Refer to our Form ADV Part 2A by clicking this link https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=612911 to help you understand what conflicts exist.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

How do your financial professionals make money?

Our firm and the financial professional servicing your account(s) are compensated in the form of a salary. The compensation (salary) that our financial professionals receive is based on their capabilities, client assets managed, years of experience and knowledge.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose.

Visit Investor.gov/CRS for a free and simple tool to research our firm and its financial professionals.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
