

Want to power your home with clean and affordable solar energy?

Mascoma Bank can help.

We're here to provide you with the financing to make that switch.

Our Solar Loan Features

- Loans up to \$40,000
- 3.99% APR, with an effective date of 12/16/20, for up to 15 years with interest-only payments for the first year
- Loan decisions made within 24 hours and distribution of funds often within 48 hours
- Energy efficiency improvements completed during solar installation and listed on the sales contract can be consolidated in your solar loan.
- Payment amounts are subject to change after initial 12 months based on tax credits or other funds applied to principle. Example: A \$20,000 loan at 4.019% APR would result in 12 initial interest-only payments of \$66.73. With no funds applied to principle reduction during initial 12 months interest only period. Example: A \$20,000 loan at 4.019% APR would result in the remaining 168 principle and interest payments of \$156.11.

Our Solar Loan Requirements

- Residence must be located in Vermont or New Hampshire
- Signed solar purchase and sales contract
- You must meet standard underwriting guidelines
- You are the owner of the residence
- Loans are for primary residences only
