

Want to make your home more energy efficient, but can't find the money?

Mascoma Bank can help.

Mascoma Bank is proud to offer an innovative, and flexible energy efficiency loan.

This loan provides funds to make energy efficiency and weatherization improvements to your home at an affordable rate. As your energy efficiency goes up, your utility bills come down.

An estimated 10–20% of all energy costs are lost to leaks—this loan can help:

- Replace old windows
- Update heating and cooling systems
- Better insulate your home
- Upgrade old appliances to new, more energy efficient models

Available funding up to \$20,000 over a 10-year term at 7.99%*

Contact your local branch for more information.

Subject to credit approval.

*Loans are up to \$20,000 over a 10-year term at an interest rate of 7.99% (rate accurate as of March 4, 2021, but subject to change without notice).

A \$10,000 loan for 10 years would result in a principal and interest payments of \$121.27 per month.
